

"Experience our Outdoor Classroom"

# WHERE EDUCATION MEETS RECREATION

**ZION**  
**PONDEROSA**  
RANCH RESORT

## [“Experience our Outdoor Classroom”](#)

Envision educational opportunities among a stimulating forested plateau at Zion Ponderosa Ranch Resort. The ranch borders the Utah Federal lands of Zion National Park and the Bureau of Land Management (BLM). These breathtaking vistas and magnificent slot canyons are truly a place of inspiration while teaching all that experience this unique environmental relationship between plants, animals, past and present human inhabitation and geological wonders. Your educational opportunities are met on our 4,000-acre Ranch Resort. With the most current learning methods of experiential education; “learning through experiencing” we will work with your class to provide detailed, rewarding educational experiences which are only found in this outdoor classroom environment. Through these learning experiences and adventure activities you will be able to focus on environmental learning, personal team building opportunities and the overall goals of student unity.

## [Meals to Match the Adventure](#)

At Zion Ponderosa we take great pride in the quality of our dining services. From appetizers to full course meals, and everything in between, when it comes to food, it simply doesn't get any better than this. All menus are customized for each group or event. With the dedication to serve the finest and freshest foods, local vendors are used. Special dietary requirement requests of different types of food from vegetarian to vegan meals can be easily accommodated.
